

REGISTRO BACK END - SEMANA 10

Print Cluster criado no Atlas (MONGODB):

The screenshot displays the MongoDB Atlas interface for 'Project 0'. The left sidebar contains navigation links for 'Project Overview', 'DATABASE' (Clusters, Search & Vector Search, Data Explorer, Backup), 'STREAMING DATA' (Stream Processing, Triggers), and 'SERVICES' (AI Models, Migration). The main content area is titled 'Project 0 Overview' and features a 'Clusters' section with a 'Create cluster' button. A green notification states: 'Sample dataset successfully loaded. Get started with a sample query in [Data Explorer](#) or by connecting with MongoDB Shell.' Below this, there are buttons for 'Connect' and 'Edit configuration', and two interactive cards: 'Browse collections' and 'View monitoring'. The right sidebar includes a 'Toolbar' section with 'Featured Resources' (Sample Apps Repo, Semantic Search with Vector Search, Learn MongoDB Skills, Atlas Learning Hub) and a 'New On Atlas' section with a link to learn about the latest feature enhancements. A user profile icon is visible in the top right corner.
