

REGISTRO DE VERSIONAMENTO - SEMANA 12

The screenshot shows the VS Code interface with a file explorer on the left showing a project named 'V12'. The main editor displays a Python script with a syntax error. The terminal at the bottom shows the output of running the script, which includes an error message and a test summary.

```

The screenshot shows the VS Code interface with a file explorer on the left showing a project named 'V12'. The main editor displays a Python script with two functions: 'somar' and 'dividir'. The terminal at the bottom shows the output of running the script, which includes a 'passed' message and a test summary.

```
guardioes-codigo > .venv > main.py > dividir
1  def somar(a, b):
2      return a + b
3
4
5  def dividir(a, b):
6      return a / b
```

```
.....passed
